

Do You Wear Soft Contact Lenses?

This clinical research study could be right for you!

You may qualify to take part in a clinical research study to evaluate an investigational soft contact lens for extended wear.

To participate you must:

- Be of Chinese ancestry.
- Be at least 18 years of age.
- Have healthy eyes.
- Be willing to sleep in your lenses for up to 6 nights per week.
- Be a successful daily or extended wear soft contact lens wearer, wearing lenses in both eyes over the past 3 months for at least 5 days/week.
 - Daily wearers must be wearing their lenses at least 10 hours per day.
 - Extended wearers must be wearing their lenses overnight at least one night per week.
- Daily disposable contact lens wearers are not eligible for the study.

If you qualify to participate:

- Your participation will last approximately 12 months and include 9 office visits.
- You will receive study lenses and study-related exams at no cost. Plus, you may receive compensation for your time and travel expenses.
